

Tell us what you think

The following questions **must** be used at the end of **all** surveys, data collection and consultation.

There may be occasions when it may seem appropriate to leave some or all of these out. On these occasions, please contact the Insight Team for advice. These questions form part of Hull City Council's Corporate Standards and Guidance on Research, Consultation and Engagement and their inclusion represents best practice.

Additional demographic questions are available, if required. Please contact the Insight Team

These questions are updated to reflect best practice and updates to the Census.

About You

The following questions help us to understand if different groups of people have different views and experiences and also help us to make sure that we have collected the views of a variety of different people.

This information will remain confidential and will not be shared with anyone else. It will be used only for analysis / reporting purposes and will not be reported at an individual level.

There is a space at the end for you to tell us anything else about yourself that you think is relevant, or that you feel you want us to know.

If there are any questions you do not want to answer, please leave them blank.

Note: Care should be taken when data is being collected by interview (rather than by self-completion). Care must be taken to not cause embarrassment - for example, think about the environment you are in - can you be overheard? It is preferable to use self completion where possible, and to be on hand to offer help if needed. This is personal data and should be treated as such.

What is your postcode at home? This does not tell us your address.

What year were you born (please write YYYY)

In which of the following age ranges are you? **You may wish to add / delete some age ranges depending on your project**

Take part in other surveys and make a difference

If you enjoyed telling us what you think you can join the People's Panel. People's Panel members influence many local decisions that affect them and their families. It couldn't be easier. You don't have to come to any meetings, we will send a survey straight to you.

All completed surveys are entered into to a prize draw.

All of your responses will remain confidential and will not be traced back to you.

This section will be removed from your survey responses.

We need an email address as well as your full postal address if you want us to send you surveys. This will be removed from your responses and will only be used to send you surveys.
