Perception and Experience of Crime and Anti-Social Behaviour

Do you think levels of crime and anti-social behaviour in your neighbourhood have decreased or increased in the last year?

Please look at the different types of crime below and tell us if A) you think this is a problem in your area, B) you or a member of your household has experienced it in the last year, C) you have witnessed it in your area in the last year, D) you have heard about an incident of this nature in your area in the last year, or E) none of these.

% of respondents who have experienced, witnessed, or heard about the following in their area in the last year, or who think it is a problem in their local area:

Example: 49% of **all** respondents have experienced, witnessed, or heard about an incident of nuisance motorcycles in their local area in the last year, or believe nuisance motorcycles are a problem in their local area. Of those respondents who specifically told us in the previous question that they have experienced, witnessed, or heard about an incident of ASB in their local area in the last year, or believe ASB is a problem in their local area, 59% of these state that the ASB was specifically related to nuisance motorbikes.

Reporting Crime and ASB

Of those respondents who have experienced / witnessed / heard of some form of crime occurring in their local area in the last year, or those who believe that crime is a problem in their local area:

Did you report it?

If you did not report any / all incidents, why not?

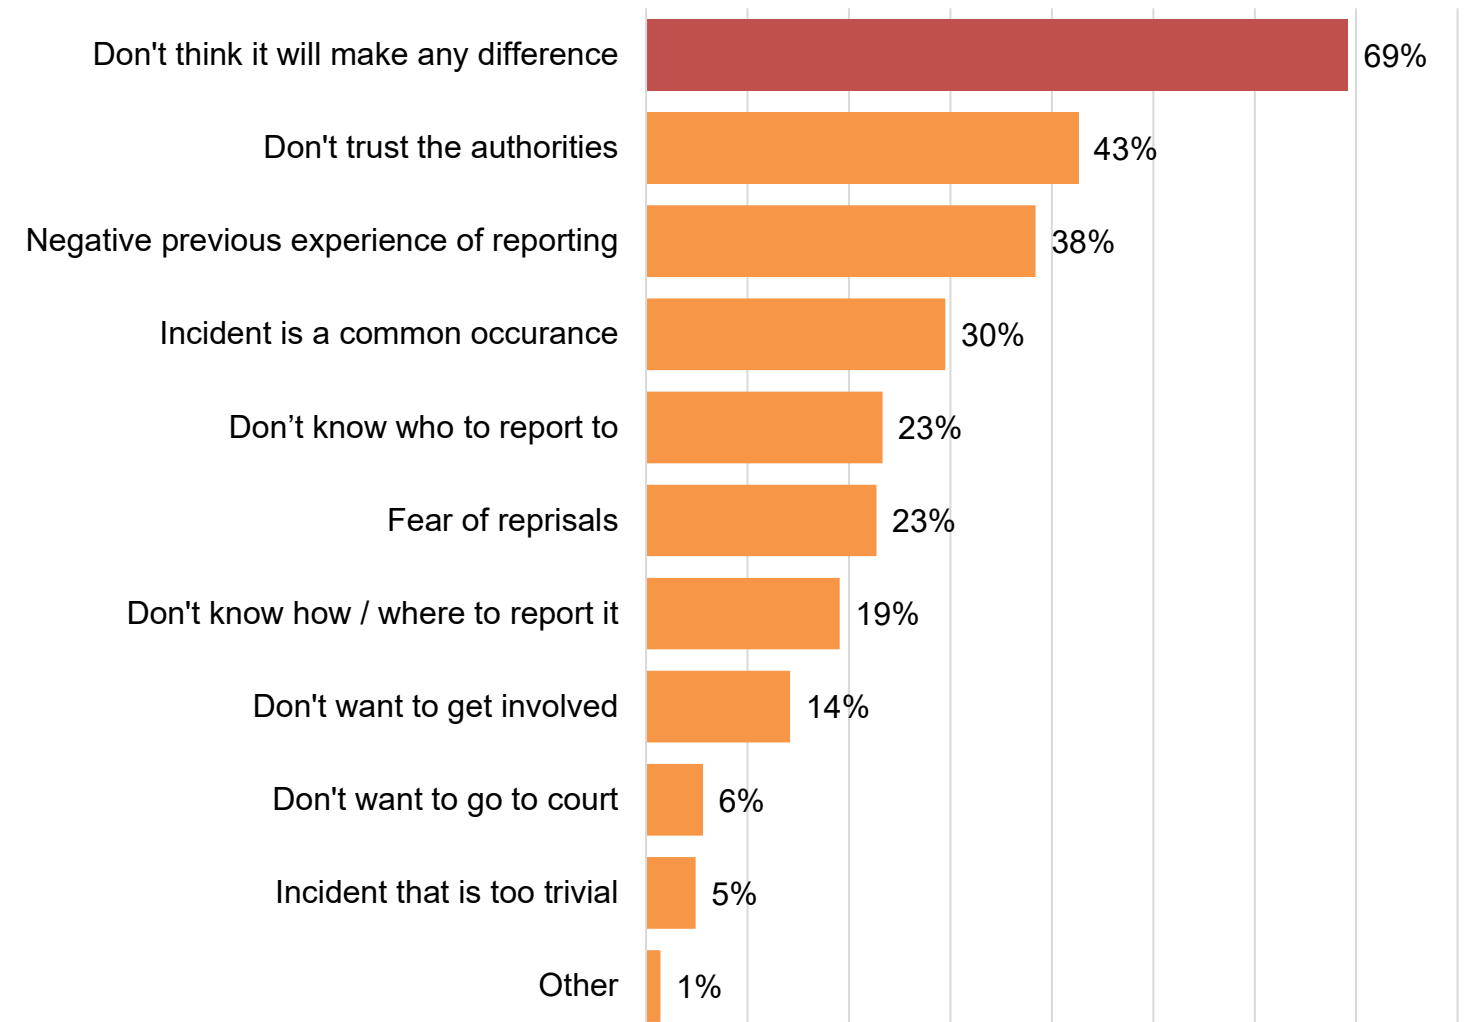

Of all respondents:

In the future, if you or a member of your household was a victim of crime, or it became a problem where you live, or you witnessed it or knew someone it happened to, how likely would you be to report it?

If you said you were unlikely or very unlikely to report a crime, why?
